OVERVIEW

Exceptional 6-bedroom villa with a huge garden, garage and large spaces for sale in a new development in La Massana.

This new build home enjoys an excellent location in the middle of a wonderful natural environment in La Massana, Andorra. It is a very quiet area, an oasis of peace, but at the same time very close to the city of Andorra la Vella, with all the services at your disposal.

This magnificent house has a total of three floors, with interior and exterior spaces that you can enjoy throughout the year.

In the lower ground floor, there is a large garage with capacity for several vehicles and an open room that can be enabled as a games area, cinema, etc. Next we find a storage room and a technical room.

The ground floor houses the night area, with four bedrooms (two of them with private bathrooms) and a second bathroom that serves the rest of the bedrooms. This floor is completed by a study (which can be used as an office or bedroom), a multipurpose area, a gym with a wellness area and a sauna and, finally, a laundry room. All rooms have access to the 216 m² garden.

The first floor houses the day area. It consists of an open-plan room with a guest toilet, a spacious living-dining room and an open-plan kitchen with a central island. Next we find the master bedroom with a large dressing room and a complete bathroom with shower and bathtub. This plant also benefits from access to a terrace and a good-sized garden, perfect to enjoy the good weather in summer.

The different levels are connected both by elevator and stairs.

The villa has been conceived with even the smallest detail in mind: an exclusive and elegant design, top-quality features, panoramic views and, of course, absolute comfort. Likewise, high-end materials have been selected to provide warmth and a modern air to the different rooms.

Regarding the finishes, it should be noted that the house offers wooden and porcelain floors, aluminum carpentry and built-in wardrobes.
