OVERVIEW

Bright, functional apartment with period features in a restored classic building.

This apartment is on the second floor of a historic building in the city of Barcelona.

This 19th century building has been completely renovated, respecting the original grandeur, recovering wall markings and highlighting its entrance for carriages and a spacious interior courtyard. The lift was installed so that it does not alter the aesthetics of the building, inside a glazed structure at the back of the central courtyard.

The apartment contains a large living room - dining room with natural light, where we find mosaic floors, an open-plan kitchen linking directly to the living room, 2 spacious and quiet bedrooms, one with en-suite bathroom, and a bathroom that serves the rest of the house.
