184 m² bright, spacious property to buy and renovate in Barcelona's Eixample Right district

Modernista corner property with plenty of natural light and direct views of the famous Arc de Triomf monument in Barcelona.

The property is located on the fourth floor of a south-facing corner building and offers a surface area of 184 m² with 6 bedrooms and 3 bathrooms.

It is a Modernista property which was built in 1900 and is to be completely renovated to suit the new owner's taste.

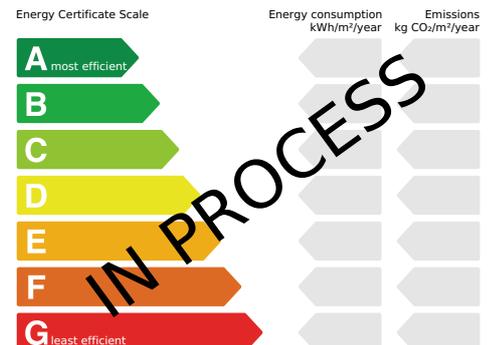

The living room is especially spacious and there are many attractive period features, such as the floor tiles, balconies and a typical "tribuna", a separate seating area set in a large bay window with incredible views over the street below and directly of Arc de Triomf.

The size and location of this property, as well as the enviable city views, make it an excellent option for anyone looking to renovate and personalize a property with Modernista charm, close to the Ciutadella Park and the trendy Born neighbourhood.
