Newly renovated apartment for sale on Avenida Diagonal in Barcelona

Beautifully renovated 4-bedroom, principal floor apartment for sale in a centrally located 1930's building with an elegant entrance hall.

On Avenida Diagonal, next to the centrally located Plaça Francesc Macià, in a 1930's building, we find this apartment for sale which is currently undergoing renovation. The apartment is on the principal floor of the building (third floor in terms of height) and there is only one property per floor in this particular building.

The typical period features such as mosaic floor tiles, doors and ceiling mouldings have been restored and add character to the property. The balconies from the living room and the gallery overlook Calle Londres and the property enjoys open views on both sides.

The apartment consists of an entrance hall, living and dining room, kitchen, 3 bedrooms and a smaller fourth room. The master bedroom has its own bathroom and dressing room.

Quality materials have been used throughout the property and the elegant period building with its stately entrance hall and lift offer a refined atmosphere from the moment you pass through the front door.
