OVERVIEW

Bright, contemporary third floor apartment in Diagonal Mar with excellent sea views.

This seafront property is located 2 minutes from the sea in Diagonal Mar in a building erected in 2002, designed by the prestigious architect Ricardo Bofill and with a recently renovated façade. The building has 2 lifts and a garage with the possibility of obtaining a parking space.

The property in question measures 116 m² and is contemporary and minimalist in style. It boasts incredible natural light and fabulous sea views. The living room is very spacious and features large windows with sea views and access to a balcony.

The property originally had 4 bedrooms, but the current owner connected a double and single room to create what is now the impressive master suite with its own bathroom and dressing area. There is a single bedroom and a further single room or study with access to the balcony.

A very bright, modern apartment with excellent sea views in Diagonal Mar.
