OVERVIEW

Luxury house just 250 metres from the village square, with 4 bedrooms plus separate guest apartment, large garden with swimming pool and high-end finishes

This unique Costa Brava property to buy is one of the region's standout properties. The 900m² house, consisting of an authentic and fully-renovated 18th century stonehouse connected to a new construction from 1995, is located in the highly sought-after medieval village of Begur - just 250 metres from the town square. The property boasts a combination of authentic Catalan and neogothic features.

The property is built on a plot of 1,400m² with views of the town of Begur and boasts a beautiful lawned garden with private swimming pool and the remains of an original millstone. Begur village centre is largely pedestrianised and the property is one of few in the village to enjoy access by car, boasting several off-street parking spaces and private garage.

This exceptional Begur luxury property to buy has been renovated to a high standard and is presented in excellent condition with all the comforts of modern living and includes 4 bedrooms plus a separate guest apartment, a large open space living and dining area with fireplaces and several terraces offering beautiful views. The property is constructed over three levels.

The collection of furniture and art matches the style of the house perfectly, offering several beautiful antique pieces, some of which are included in the price.
