OVERVIEW

This fabulous apartment is a great option for those looking for a unique property to renovate in the very centre of the city, surrounded by boutiques, markets and la creme de la creme!

This large apartment is conveniently located right next to the San Anton Market and the Chueca square, where you have plenty of terraces to enjoy a cold drink in the Madrid sun. The street where it is found also contains some of the best restaurants in the area, as well as nearby boutique shops and local supermarkets.

However, the biggest highlight of this property are its 6 exterior balconies, distributed over two corners. The apartment is square which means that, should the interior undergo a renovation project, there would be no need for corridors and rooms could be neatly designed to optimise the space.

Ceilings are high and floors of antique wood. There is also a concierge service.

This is a fabulous opportunity for someone looking to buy in a renowned area which will definitely obtain increased interest in the near future.
