## Beautifully renovated 2-bedroom apartment for sale situated in Valencia's vibrant Ruzafa neighbourhood

**Contemporary 2-bedroom apartment with lots of natural light, a storage room and parking.**

This 2-bedroom property for sale is situated on the 5th floor of a building designed by the prestigious architect Joaquín Rieta Síster, architect of many of the city's emblematic buildings such as the Edificio Cervera in the Plaza del Ayuntamiento and the Cine Capitol.

The property is situated in an excellent location on one of Ruzafa's most elegant streets. In front of the building there is a traditional low-rise building with a garden, ensuring maximum privacy and that the views are not blocked.

Fully renovated by a renowned Valencian architect, the property offers a functional distribution, high-quality finishes and an impeccable design. Finishes include sliding floor-to-ceiling doors, tilt-and-turn windows in the bedrooms and built-in designer wardrobes.

The property enjoys lots of natural light, with a balcony overlooking the street below and an open gallery overlooking the spacious interior patio. It also offers air conditioning (hot and cold).

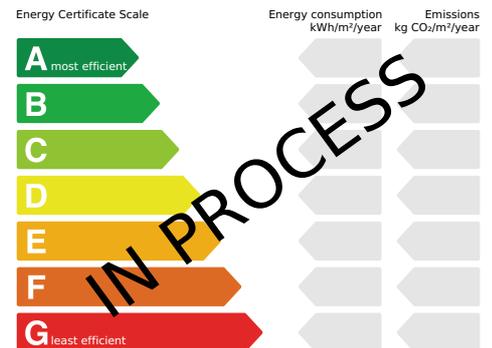

The building itself boasts a new lift as well as new gas and water installations. Parking and a storage room in the building are included in the price.

An ideal property for a young couple looking for a centrally located apartment with parking. Also a suitable investment property.
