OVERVIEW

Nature and sophistication come together in the design of this 250 m² property, with the beautiful living area with views over the natural surroundings as its centrepiece.

The traditional-style house with high quality finishes is strategically located on the upper part of the plot. It consists of a central space and 2 wings.

In the central area we find the main living area with high ceilings and one which is double height. On one side we find the kitchen and on the other the cosy living room. These areas are connected to the terrace via large sliding doors which directly link the interior and the exterior.

In the wings we find 4 bedrooms with large storage spaces and bathrooms.

Highlights of this property include its practical layout, the sophistication of the materials used, the combination of modern and traditional elements and the unobstructed views of the garden and the golf course.
