Designer penthouse with views for sale in the centre of Denia

Modern penthouse property with excellent views of Denia Port and Las Rotas Bay, at the heart of Denia. Decorated by the prestigious interior designer Pepe Cabrera, in black and white.

Great penthouse in the centre of Denia with panoramic views across the town.

This penthouse has been decorated with style and with modern touches in black and white. The main highlight is the amazing panoramic view of the sea.

We access the property from an entrance hall that leads to an open space where we find a bedroom and a bathroom, both connected with each other, and the kitchen, dining room and lounge. The kitchen is fitted with aluminium Bulthaupt appliances and has large windows with views. The living room, dining room and kitchen are visually connected, creating a free-flowing effect. From the living room there is access to a terrace of 30 m² with wooden flooring and views over the main street of Denia and the Port.

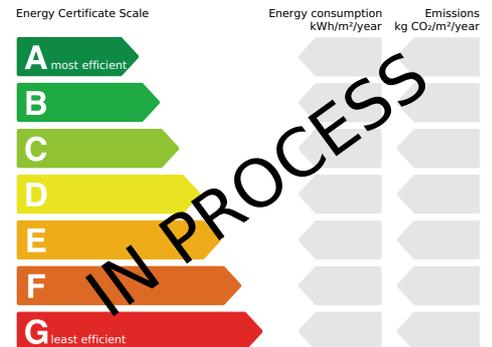

On the left we find a large bathroom which in turn links to a dressing room and acts as a prelude to the master bedroom, creating a unique large space. There is another bedroom next to this one. The entire apartment has wooden flooring, central heating and air conditioning.

A great apartment with wonderful views at the heart of Denia.
