Brand new 2-bedroom apartment for sale by the sea in Alicante

New build property with terrace and stunning sea views, located in a building of ultramodern architecture on the beachfront near Alicante. Exclusive common areas and complimentary BMW electric car.

This impressive 2-bedroom property is part of a spectacular development of ultramodern architecture, located on the beachfront on the Costa Blanca, just minutes from the city of Alicante, with connections to the rest of Europe.

It is a very bright home, with open spaces, large windows and high quality materials. Upon entering, the hall leads to the day area: on the left is the large living room with access to the terrace of 15 m² with sea views, and on the right is the kitchen with a laundry area to the rear. Continuing straight ahead from the entrance we find the night area which consists of the master bedroom with its own bathroom and access to the terrace, another bathroom and the second double bedroom.

A highlight of this development is that all homes are delivered with a BMW i3 electric car and a complimentary BMW Cruise e-Bike electric bike. They also include a parking space with electric charger and a storage room.

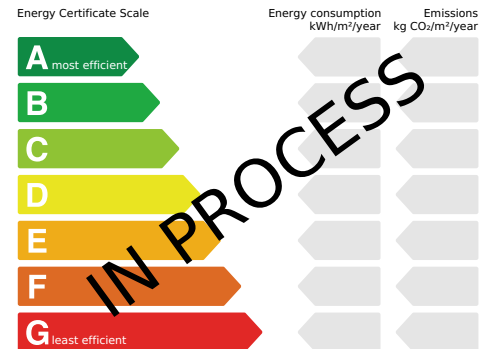

As for the common areas, this development offers exceptional facilities. It has exclusive garden areas with padel tennis court and an infinity pool, which merges with the sea view. Additionally, it offers a gym, a solarium, a heated pool and a social club, and has a concierge service. In addition, the building has received LEED Gold certification from the United States Green Building Council for its high energy efficiency.

Contact us to visit this splendid property on the beachfront of Poniente beach in Benidorm.
