High quality new build penthouse with an huge terrace next to the sea. 3 double bedrooms, 100 m² solarium and garage; every imaginable comfort.

Gran Alacant is one of the most privileged locations in the Alicante area for all that is around it. It's also the location of this welcoming development with individual villas, ground floor bungalows with a private garden and penthouses with views, huge terraces and private solariums.

From the moment we enter the apartment we are charmed by the fluid space, the views and the light offered by the living room with the large cristal door that connex it to the outside terrace - all together bringing an outdoor living feel to it's owner.

The day area, consisting of the open kitchen, the living-dining room and the terrace measuring 44 m², is the central point of the home. Here we can enjoy family breakfasts, cook something delicious on Sundays with friends while having a drink or playing cards on the terrace overlooking the pool. In the entrance area we also have the laundry space which is also a very useful place for storage.

Moving down the hall we find, on the right hand side, two bedrooms with built-in wardrobes and large windows with electric shutters, as in the whole house. A bathroom with a shower serves this room and the day area.

The master bedroom has its built-in wardrobes, a complete private bathroom and an immense sliding door to the main terrace.

From the terrace we go up to the private solarium that measures 100 m². This is one of the best areas and is a space that can be customised to the owner's liking and where they can spend a lot of time almost all year round. There is running water and space for a barbecue, sun loungers, sofas and much more. From here we have 360 views over the common area and the natural surroundings.

Going down the stairs we arrive in the common area, a garden with palm trees, lemon, orange trees and a large communal pool for the holidays.
