OVERVIEW

Apartment with bedrooms and bathrooms located on the first floor of a building in the heart of Alicante.

Apartment located on the first floor of a building with a lift, shared entrance and only two neighbours. There is the possibility of acquiring a garage space in the same building for an additional price, which is a real privilege in this area.

It is completely renovated and has two bathrooms and two bedrooms.

Upon entering, to the right we have a complete bathroom and a hallway that leads to the living room with an open kitchen. It boasts a lot of natural light thanks to the good orientation of the building.

On the right we have a double bedroom with a built-in wardrobe, while on the left of the living room, the hallway leads to the main bedroom, with a dressing room and a private bathroom. This bedroom will have a very large wardrobe and access to a totally private and interior terrace where there is room for much more than just a table. In addition to decorating it with plants, you can also comfortably sunbathe and enjoy the good weather in complete privacy.

The spacious private bathroom includes a shower and a door that gives access to a storage room. This storage room can also be accessed through the hallway on the same floor, since it is located next to the lift. In it you can store multiple items, even a bicycle.
