Well renovated penthouse of 180 m² for sale in Escaldes-Engordany

Incredible renovated 3-bedroom penthouse with a terrace and views for sale in an exclusive neighbourhood.

Edifici Borda Coté, a fully renovated rustic building, is offering this 180 m² penthouse in one of the best developments in the parish of Escaldes-Engordany.

This quiet residential complex is located near the main shopping area of the capital and enjoys an enviable location in the upper part of the parish of Escaldes. Here, you can enjoy long hours of sunshine thanks to its orientation and panoramic views of the two most important parishes of Andorra, Escaldes-Engordany and the capital, Andorra La Vella.

The penthouse property, renovated with high-end materials and finishes, benefits from spacious rooms and a practical layout in which the space is used to the maximum. Its design perfectly combines the rustic style of the building with modern finishes and accessories, creating a perfect home to enjoy the natural setting. The rooms are exterior facing and there is a terrace; ideal for enjoying long hours of sun given its west orientation, while contemplating the panoramic views.

Upon entering, a cosy entrance hall with a closet welcomes us and gives way to the rest of the rooms. In the front, we find a spacious living room with a practical toilet and large windows that provide access to the terrace. The terrace is presented as the ideal place to relax enjoying the views and the tranquility of the area.

The kitchen is open to the living room, fully equipped with furniture and high quality appliances, as well as a large space for a table. This same area benefits from a bathroom.

We also find a double bedroom with a private bathroom here. On the other side of the apartment, we enter the night area, which offers 2 double bedrooms. The first is located at the front and benefits from access to a terrace. The second is at the back and has a large dressing room. Both rooms have a wonderful private bathroom.

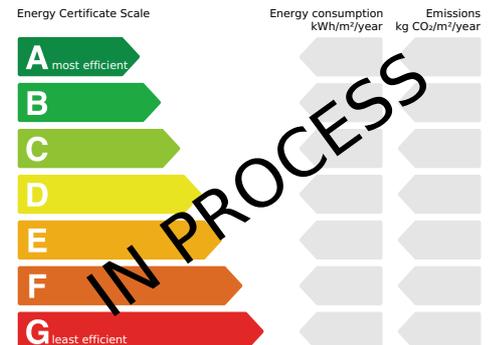

Among the materials and high-end finishes, we find solid wood floors in almost all rooms, except for the kitchen and bathrooms that have porcelain floors. The heating and hot water are electric. It is possible to purchase parking spaces in the building.
