OVERVIEW

Brand new apartment completely renovated in the heart of the Gothic Quarter. With 2 bedrooms, 2 bathrooms, 4 balconies overlooking the street, in a classic building with a lift.

Spectacular apartment for sale completely renovated in the heart of the Gothic Quarter, in a classic building with a lift.

The property is in an unbeatable location, at the intersection of Carrer del Pi and Portaferriça, in one of the shopping hubs of Ciutat Vella, next to Portal del Àngel, Las Ramblas and a few minutes from Plaça Catalunya, so you have all services and public transport on your doorstep.

The apartment is found in a stately building which is characteristic of the old town, with a large wooden door and very high ceilings at the entrance. In addition, it has a lift after a few steps, which takes us to the third floor where the apartment is located.

We enter the property through the typical classic building door. In the hall there is a small closet with reclaimed wooden doors. On our left we have access to the living room, with two large windows overlooking the street. From the living room we access a double bedroom on each side. The master bedroom has an ensuite bathroom and the secondary bedroom features the original mosaic floor that is so characteristic of Barcelona.

Returning to the hall, we find the second bathroom and, finally, to the rear, we see a space that could be a second dining room or office and that connects with the kitchen, semi-open to this space and fully equipped.

Highlights of this apartment include its high ceilings, beams and exposed brickwork.

Excellent opportunity to live in a tastefully renovated apartment that is ready to move into.
