OVERVIEW

In the heart of the Eixample Right, a stone's throw from Passeig Sant Joan, we find this beautiful Modernista property to renovate on the principal floor, with direct access from the lift and a total built area of 120 m², plus a 78 m² terrace.

This wonderful property has many great architectural features, such as mosaic tile floors, wrought iron balconies and 3.2-metre high coffered ceilings (more if the traditional Catalan volta ceiling with wooden beams is exposed).

The apartment has a typical layout for a property of this period, with clearly differentiated day and night areas, a laundry-storage room and a living room (with a marble fireplace) facing the spacious patio, which is accessed by going down a beautiful original staircase. With 4 bedrooms and 2 bathrooms, this property has enormous potential to become a very comfortable family home.
