OVERVIEW

Opportunity to live in a spacious elegant 240 m² apartment in a traditional building in Zona Alta.

Here we find a truly superb apartment in a traditional-style building in a magnificent area of Barcelona. Built in 1934, the apartment has been totally refurbished to a high standard using top quality materials.

The living space is clearly distinguished for daytime use and for sleeping. The bright and spacious open-plan living area, with fireplace, is divided into separate living and dining areas. The very large and modern independent fitted kitchen also has a dining area. In the night area, we find 4 double bedrooms, including 1 suite with dressing room, and 3 complete bathrooms. There is also a service bedroom.

The property boasts wooden flooring and high ceilings which maintain the original coffering. It includes a storage room and parking space, and the building has a concierge service. If the buyer would like to include a terrace, this could be regained from the area which is currently the dining room.

The size, location and distribution of this property make it particularly suitable for families.

The property is in the land registry as measuring 210 m².
