OVERVIEW

Impressive 4-bedroom villa with panoramic sea and mountain views and pool for sale on the Costa Brava.

This magnificent villa enjoys a location on the highest point of a cliff overlooking the sea, so it offers panoramic views of some of the most impressive landscapes of the Costa Brava. The house, of contemporary style, was built ten years ago as an ambitious project by a renowned architect, and has high quality finishes, abundant light and excellent outdoor space. Its large rooms, decorated with a light colour scheme are combined with warm wooden floors to create elegant and cosy rooms, ideal for a family. In addition, the villa is located in a very quiet area.

The space is distributed over 2 floors:

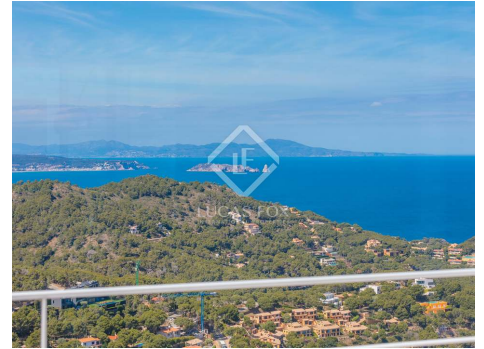

The ground floor is located at the entrance level, and consists of 3 wonderful double bedrooms, all of them with private bathrooms and excellent views of the sea and the mountains.

Upstairs we find the master suite that consists of a private bathroom with a bath and shower, a fantastic dressing room and a sleeping area, as well as offering the best views in the whole house. Next, a minimalist Santos brand kitchen opens up to the living room, and is fully equipped and very practical. The living room, undoubtedly the heart of the house, is presented as a wonderful generous room with abundant light and a perfect relaxing atmosphere to enjoy with friends and family, taking in the views of the pool, sea and mountains.

Finally, the outdoor space consists of a modern pool with a chill-out area, the ideal place to cool off and sunbathe during the hot months. The garden also has a large lawn area and an area for aromatic herbs.

The house is equipped with air conditioning, heating, double glazed windows and an alarm system to ensure maximum comfort and tranquility at any time of the year.
