OVERVIEW

Boutique development of 28 exceptionally high quality, spacious, beachfront condominiums in an excellent location between Puerto Banús and Estepona with stunning Mediterranean views.

This highly exclusive gated development occupies a prime seafront plot of some 20,000 m² on the New Golden Mile. With unrivalled, uninterrupted views, this is the ultimate beach property with just 6 exquisitely designed blocks.

Only the finest quality, impeccably-crafted contemporary interiors have been used within these generously sized 3 or 4 bedrooms properties, ranging from 405 m² up to 813 m². Specially designed tiles have been used throughout the property and it is possible to view the breathtaking scenery reflected even when you turn away from the window.

The fantastic floor-to-ceiling windows make terraces a natural extension of the interior, filling the home with the warmth and natural light from the Mediterranean sea and sky. This ultra-high quality modern design achieves the perfect living space.

These homes come complete with state-of-the-art fully fitted smart controls, hot and cold air conditioning, a natural lighting system, complete installation of a sound system with concealed speakers, and high level security to the complex and each condo by fingerprint.

Each of the homes includes a minimum of 3 large parking spaces, with direct access to a private basement area that could have various possible uses from extra bedroom to cinema room, gym or storage, measuring from 56 m² to 86 m² and connected to the home directly by private lift.

These properties are a must for discerning home seekers looking for a perfect contemporary property in a perfect location.

This is a project like no other on the Costa del Sol and offers a unique opportunity for lovers of this exquisitely beautiful stretch of coastline.
