## Penthouse with a terrace and private pool for sale in Pla del Remei

**Impressive new build triplex apartment with a private terrace, swimming pool and outdoor kitchen for sale in the centre of Valencia.**

This magnificent, brand new penthouse is part of a new development in the heart of Valencia, between La Alameda and Pla del Remei. This is one of the most sought-after areas of Valencia, next to the city's major thoroughfares, the commercial area and the Turia gardens.

With an area of 297 m<sup>2</sup> distributed over three floors, the property stands out for its practical distribution, stunning views and unique design by renowned interior designer Vicente Navarro.

We access the penthouse on the seventh floor of the building and enter a large hall leading to a spacious living room with vast windows that provide abundant natural light. The kitchen is partially equipped with oven, microwave, induction hob and extractor fan. This room also has space for a family dining room, a laundry area and connects to a service bedroom.

An incredible terrace with a private pool, the perfect place to cool off during the summer months, awaits us on the upper floor. This excellent space also has an outdoor kitchen ideal for events and celebrations. In addition, it is the perfect place to enjoy the sunsets and sunbathe in total privacy.

The night area is on the lower floor of the triplex. This level consists of two wonderful bedrooms with en-suite bathrooms and the master bedroom with two separate dressing rooms and a bathroom with shower and bathtub.

The property offers wide spaces without columns and with high ceilings thanks to the care of the constructive detail of this modern building. Every apartment in Plaza América enjoy materials and finishes of the finest quality, worthy of a hotel. It is worth mentioning the underfloor heating, the air conditioning by zones and the home automation system. In addition, this is a quiet home thanks to thick walls, soundproofing and quadruple glazing.

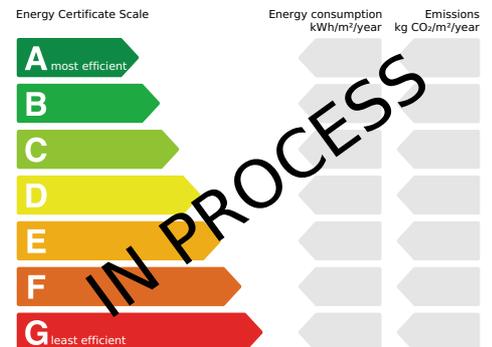

The promotion benefits from an independent alarm system, as well as 24-hour security, surveillance cameras and panic buttons in community areas. It also has parking spaces available in the basement.
