Excellent 2-bedroom apartment for sale in La Seu, Valencia

Apartment in excellent condition, newly renovated, for sale in a central location and with a unique design and finishes.

This fantastic brand new apartment has been newly renovated by a well known architect of the Valencian community. Thus, all the details of the renovation, such as finishes, spaces and materials, have been carefully planned right down to the last detail.

The property boasts a modern and updated design of a comfortable space in the centre of Valencia. It is located in front of the Palace of the Generalitat, a quiet area, west facing, out of view of neighbours and also offers abundant natural light that enters through the three large windows.

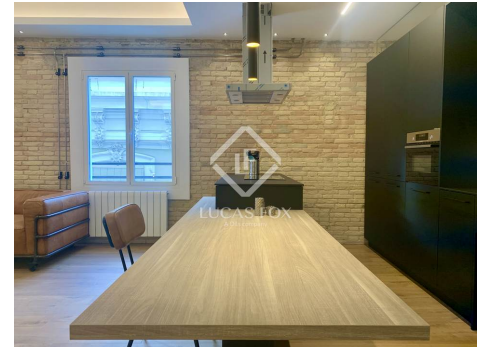

The windows have been specifically designed to take full advantage of the light, both natural and artificial, directly and indirectly, in order to offer a warm and practical space that makes you feel in a stately home in the historical centre.

The apartment is accessed by a small lower hall, directly connected to the main space, a living room-kitchen with high ceilings and mouldings.

From here, you can access the second service bedroom, fully glazed, with the option of darkening it by modifying the entrance of extra light through the patio. From here you can also access the complete bathroom.

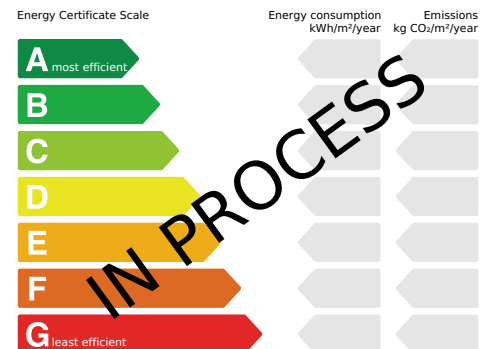

Then we go to the master bedroom, with private bathroom and fitted wardrobes with ample space for the bed.

It is a unique apartment, a little gem in the historic centre of Valencia. In addition, it has been designed in a unique and personal way to adapt it to the new buyer so they can enjoy a very special home.
