€318,000 Apartment - Sold

Charming apartment with original mosaic floors and high ceilings with exposed beams, for sale in a perfectly maintained Modernista building, at the heart of the Pla del Remei neighbourhood.

Renovated 122 m² apartment, but with period elements such as high ceilings and mosaic floors, for sale in a modernist building located in one of the best streets in the Pla del Remei neighbourhood.

This is a unique and cheerful home, located in a beautiful period building on one of the best streets of the Pla del Remei neighbourhood. The building has been very well maintained with all its common elements in perfect condition, such as the façade, the patio and the hallway, although it does not have a lift.

The apartment has been completely renovated recently, but the period architectural elements such as the original mosaic floors, the high beamed ceilings or the interior carpentry have been preserved. All this gives the home a unique character.

All rooms are bright and cheerful, thanks to their good orientation and spaciousness.

As we enter the apartment, we find a spacious living room with different colourful mosaic designs and with a large balcony over the façade. Next to the living room, the master bedroom is located, also with a balcony over the façade.

The kitchen is completely renovated with fitted appliances and offers a large window. It is located at the rear, facing the block courtyard, but is semi-open to the living room.

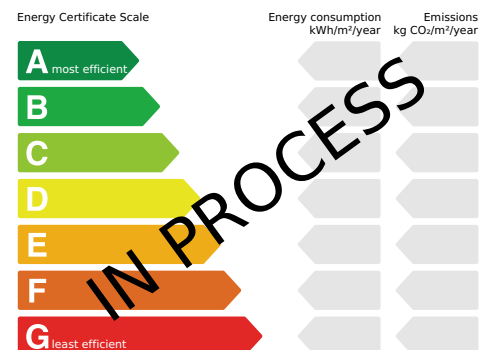

The property also has two other rooms, one that has been used as a dressing room and another as a second double bedroom. It also offers a spacious and modern bathroom with a shower.
