OVERVIEW

Stately apartment with good finishes and great views, in one of the best pedestrian areas of Valencia.

This 173 m² apartment is located on Calle Hospital, a very well located, comfortable pedestrian and shopping area and near the Town Hall, the Central Market and Calle Colon, in Valencia. It is located in a 1940s building with a stately marble entrance and concierge service.

We enter the house and find a large hall with a window overlooking the patio with an original window. Right in front of the hall, there is a double bedroom with mouldings on the ceilings and walls, even on one of the walls we have an arch-shaped moulding. A large window overlooking a block patio brings a lot of natural light to this bedroom. We step into the hall and see a plaster arch with its original mouldings. The second bedroom has mouldings on the ceiling and a large window to a courtyard where a lot of natural light enters. The next room is a large bathroom with two distinct areas, marble floor and a window to the light well for ventilation. The third bedroom is double and has a window to the light well.

As for the day area, the kitchen is very spacious and is divided into two rooms, equipped with a washing machine, dishwasher, refrigerator, stove, oven and decorative hood. The kitchen has a lot of storage cupboards and an original half-arch door. The living room is very spacious and comes with mouldings on ceilings and walls, wooden floors and large windows to the pedestrian street that provide plenty of natural light. In addition, it is divided into several areas by two decorated columns. From the living room, we go to the master bedroom, which is very spacious, with mouldings on the ceilings and with a private bathroom with a shower and window to ventilate. The bedroom has large windows to the pedestrian street where a lot of natural light enters.
