OVERVIEW

3-storey corner townhouse built in 2007 with a small garden and large common area, short walking distance to Sanxenxo city centre.

This corner townhouse, built in 2007, benefits from three levels of space, a 60m² garden area, terrace and access to the common area.

The property is located short walking distance from the city centre of Sanxenxo, in a small area of many houses and townhouses. As we enter the property we are welcomed by an entrance hall that guides us to the main area of the main floor. Here you will find an eat-in kitchen, a WC, the living and dining room with access to the terrace, the small garden area and the common area for all residents.

There is a staircase that leads to each level of the property. On the first floor we find three bedrooms and two bathrooms, on the second floor we have two bedrooms and one bathroom. The upper-level benefits from nice views of the mountains. At basement level there is a large storage room, bathroom and laundry room, here you have access to the common garage where two parking spaces are included in the sale.

Being a corner townhouse with three façades facing southeast and west, the property enjoys lots of natural light throughout the day. The property is being sold in its current state with all new appliances and furniture included.

This house would be suitable for a family looking to enjoy the area in the summer high season, also for investors looking to rent out the property short term as there is high demand for a home in the area.
