This magnificent brand new penthouse is located in Historian Vicente Ramos, in a building with green energy rating, ventilated façade with thermal and acoustic insulation, a lift for 8 people with direct access to the garage, a swimming pool, swing ball court, toilets, changing rooms and showers in the common area, as well as a space for children's games, social club, bicycle racks and an ecological garden irrigation system with recycled rainwater. In addition, the apartment includes 2 adjoining parking spaces, which make up an area of approximately 30 m², with space to park 2 cars and several motorcycles, bicycles, etc. It also includes 2 adjoining storage rooms of 11.64 m² and 11.42 m² with dynamic ventilation and doors with security locks. This excellent property stands out for its fantastic private solarium terrace and for the brightness of all its rooms, as it does not have adjoining partitions with any neighbours, which also provides unobstructed views with an unbeatable east-south aspect.

Upon entering the penthouse, we find a large hall with the kitchen to the right, which is spacious and bright and with access to the terrace of 25 m² and a laundry area. Going forward we reach the magnificent living room with access to the terrace and also to the staircase that goes up to the solarium terrace of 60 m², equipped with retractable awning, television sockets, pre-installation for a barbecue, water inlets and drain for sink, and electrical points. In addition, the access staircase has closed safety steps and the terrace has a perimeter satin glass safety rail that guarantees total independence and privacy.

Returning to the living room, on the left we have a complete bathroom and the 3 bedrooms: one with private bathroom and a 5-metres built-in wardrobe, another double bedroom with a wardrobe, and the third that can also be used as an office.
