OVERVIEW

Wonderful 3-bedroom new build villas with sea and mountain views and high energy efficiency for sale in Finestrat, close to all services.

Lucas Fox International presents this magnificent development of 18 new villas in Finestrat, with spectacular panoramic views of the sea and Benidorm skyline.

The houses are surrounded by nature, just 10 minutes from the sea. In addition, around it you will have all the services nearby, such as the La Marina shopping centre, which offers a selection of shops, supermarkets and restaurants.

In addition to having a beautiful modern design, the houses sit on large plots of almost 400 m² with private pools and a parking area with a motorized gate. They also have terraces and a garden as well as a 30 m² patio.

The houses are distributed over two floors, with the option of a 93 m² basement and a solarium. All have a spacious living-dining room, an open kitchen with large windows, three bedrooms, two of them with private bathrooms, plus another complete bathroom to serve the rest of the house. One of the bedrooms also has its own dressing room and all have access to a terrace, either on the ground floor or on the first floor.

Likewise, the villas include the latest technology to make your home a cozy and practical place, which allows you to reduce your consumption of electricity and water, thanks to its energy certificate A. For the production of domestic hot water, a system is used by aerothermal to reduce costs.

In addition, it comes with a dual-flow ventilation system with heat recovery to guarantee the ventilation of the home with hardly any thermal loss, as well as the quality of the air inside the home, ventilating it properly without the need to open the windows. The kitchen comes fully equipped with appliances.

If you want to live in a modern home, with the best qualities and technology, environmentally friendly and close to all services, get in touch for more information or to arrange a visit.
