The finishes of the house are of high quality and contemporary design. The large-format porcelain stoneware floors are combined with laminated plasterboard ceilings, which hide the facilities and allow a perfect layout of the recessed LED lighting. The interior doors, with a minimalist style and white lacquer finish, offer an elegant and modern look. Triple-glazed aluminum windows guarantee energy efficiency and acoustic comfort.

The fully equipped kitchen features state-of-the-art appliances and a contemporary design with handle-free wall and base units to maximize space and functionality. In the bathrooms, the large-format flooring and tiling offers a modern and elegant aesthetic, complemented by high-end taps and suspended furniture for a contemporary and practical design.

All graphic documentation is indicative, so various aspects of the house can be customized, from the flooring to the kitchen furniture. In addition, the option is offered to hire an interior design service and choose between different styles of furniture.
