A little bit more about Finestrat and the spa town of Cala Finestrat are located in the Marina Baixa region of the Costa Blanca, near the neighboring Benidorm Poniente and about 40 kilometers from the international airport of Alicante. The village is situated on the slopes of Puig Campana and offers beautiful views of the mountains, the coast and the Mediterranean Sea. The charming village has a typical Moorish atmosphere, with colorfully painted houses and narrow cobbled streets. Cala Finestrat, on the other hand, has become increasingly popular and its development has almost turned it into an extension of Benidorm itself. Finestrat is the ideal location for anyone looking for a property close to excellent golf courses, sports centers, spas, family attractions and transport services with a typically Mediterranean climate. With cool sea breezes in summer and protection by the surrounding mountains from the cold north winds in winter. The area averages almost 3000 hours of sunshine per year and the average temperature is around 20 degrees. The area has been visited for many years and is a highly sought after location by luxury property buyers. It is inhabited by many different nationalities, which is an indication of how popular these luxury properties are becoming in the international market. You will have a wide selection of different amenities and attractions in the area. There are two 18-hole golf courses and there is also an 18-hole pitch and putt course. There are two luxury resorts in the area, the Asia Gardens Hotel Thai Spa and the Meliá Villaitana Golf.
