ALT42580 Houses / Villas, Finestrat, Costa Blanca

A new development of Houses / Villas for sale in Finestrat, Costa Blanca with a starting price of €595,000

Lucas Fox Altea welcomes you to this new build development with twelve independent villas located in the picturesque town of Finestrat. This innovative residential project combines a modern and minimalist architectural style with sustainable features to provide a contemporary and environmentally friendly lifestyle.

The project offers three types of property, each with its own charm and differentiating characteristics. The villas have between two and three bedrooms, perfect to adapt to different family needs and between two and three bathrooms to provide comfort and privacy.

Each of the twelve villas has been carefully designed to combine aesthetics and functionality. The houses have geometric shapes and large windows that allow the entry of abundant natural light. The minimalist design highlights elegance and simplicity, to create spacious and open spaces that adapt to the needs and tastes of the residents.

Sustainability is a prominent feature of this project. Each house has an installation of solar panels installed on the roof, which makes it possible to take advantage of solar energy to reduce electricity consumption and minimize the carbon footprint.

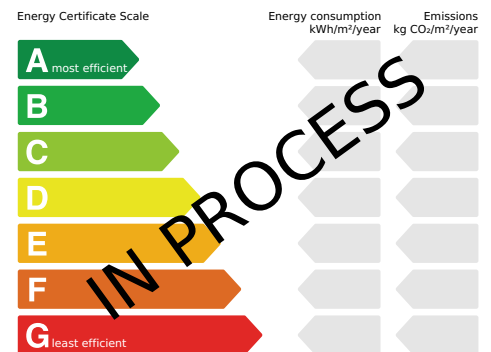

This project is strategically located in a quiet area, but at the same time close to the communities and amenities of the city, such as restaurants, schools, shops and other important accesses.
