Exclusive newly built penthouse with private solarium and spacious terraces in Finestrat.

New build penthouse in Finestrat with private solarium, large terraces, open views and premium communal areas

Lucas Fox presents a unique opportunity in Finestrat: a new build residential development designed for those seeking a perfect combination of contemporary design, quality construction and an excellent investment in one of the areas with the greatest potential on the Costa Blanca.

The last three available units are spectacular penthouses with private solariums, homes designed to fully enjoy the Mediterranean lifestyle. Each property offers a bright and functional layout, with two bedrooms, two full bathrooms, an open-plan kitchen and living room, and large windows that seamlessly connect the interior with the outdoor terraces.

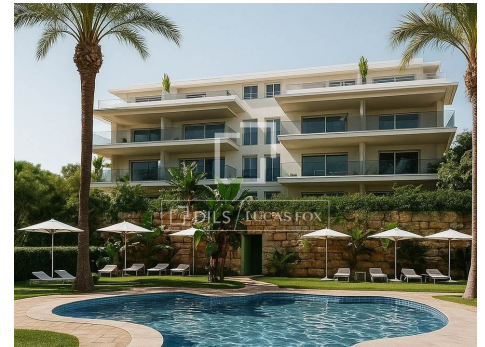

One of the main features of these homes is their more than 90 m² of private terraces, combining a large main terrace with an impressive solarium with open views, ideal for creating different relaxation environments, exterior dining room or chill-out area.

The development also stands out for its high specification and excellent energy efficiency, incorporating top-level materials and finishes, aerothermics, Fujitsu ducted air conditioning, a fully equipped kitchen with Siemens appliances, premium bathrooms, and state-of-the-art thermal and acoustic insulation.

All of this is within a private development with 2 swimming pools, gardens, recreation areas, video intercom and solar panels for the communal areas.

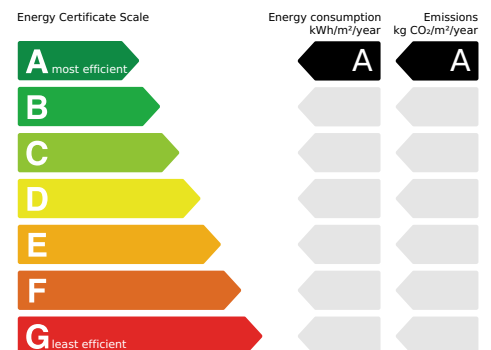

A proposal that is hard to find in the area these days, with a truly exceptional quality-price ratio and very limited availability.

Contact Lucas Fox today for more information or to reserve one of the last units before they disappear from the market.
