€825,000 House / Villa - For sale

New build 4-bedroom single-level villa for sale with a private pool surrounded by nature in the heart of the Costa Blanca

Completion scheduled for Q4 2027, with spacious terraces, customisable finishes and a peaceful residential setting in Finestrat.

Lucas Fox presents this elegant contemporary villa located in one of the Costa Blanca's most peaceful natural settings. Designed entirely on one level, the property offers an exceptional lifestyle for buyers seeking privacy, comfort and a strong connection with nature, while remaining within easy reach of the Mediterranean coast.

Large floor-to-ceiling windows flood the interior with natural light and create a seamless transition between the living spaces and the beautifully landscaped gardens. Every room has been designed to maximise openness, tranquillity and the enjoyment of the surrounding greenery, allowing daily life to flow between indoors and outdoors.

At the heart of the home, the spacious open-plan living and dining area connects with a contemporary kitchen, creating a bright social space ideal for both everyday family life and entertaining. Covered terraces extend the living area outside, providing inviting spaces for outdoor dining, relaxing with family or simply enjoying the mild Mediterranean climate throughout the year.

The private garden has been carefully designed to become a natural extension of the home. The swimming pool, generous sun terraces and landscaped surroundings create a peaceful environment where owners can enjoy complete privacy, whether spending quiet mornings outdoors, hosting friends or relaxing after a day exploring the Costa Blanca.

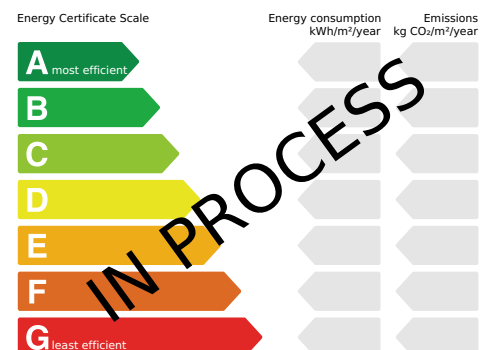

The bedroom accommodation has been thoughtfully separated from the living areas to ensure privacy and comfort. The main suite offers a peaceful retreat with direct access to the garden, while the remaining bedrooms provide comfortable accommodation for family members and guests. Clean architectural lines, high-quality materials and generous glazing create bright, welcoming interiors throughout the home.

One of the greatest advantages of purchasing at this stage is the opportunity to personalise the property. Depending on the construction schedule, buyers may select finishes, materials and certain interior details, allowing the villa to reflect their own taste and lifestyle.
