€745,000 House / Villa - For sale - New

New build 4 Bedroom house / villa with 58m² terrace for sale in Finestrat

Expected completion in the fourth quarter of 2027. The property includes a living room, dining room and open kitchen with island, spacious terraces, garden and private parking for two vehicles.

This new build villa , currently under construction, has been designed on a single floor to offer a comfortable and well-organized layout , with a seamless connection between the interior and exterior areas . The future property will feature four bedrooms, several bathrooms, a private garden , a swimming pool, and parking for two vehicles.

Access to the plot will be located next to the private parking area. From this point, an exterior path will lead to the main entrance, surrounded by the landscaped areas planned around a large part of the property.

Inside, the open-plan day area will integrate the living room, dining room , and kitchen. The living room will have a spacious and functional layout , while the dining room will be located next to the access to the terrace. The kitchen will occupy a central position and incorporate a large island, designed as both a work surface and breakfast area. According to the specifications, it will be delivered with wood-toned cabinetry, an anthracite gray countertop, and appliances included.

The main terrace will be designed as a natural extension of the day area , with space for exterior dining room and relaxation. In front of it will be the rectangular private swimming pool, surrounded by paved surfaces and green areas.

The night area will consist of four bedrooms. Three will be located at the rear of the property, separate from the social areas, while the fourth will be more independently situated next to the day area. The bathrooms will be distributed to conveniently serve the different bedrooms.

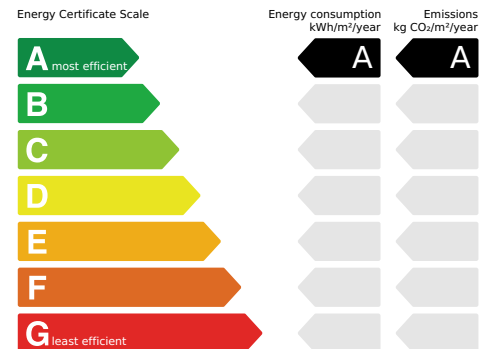

Among the planned features are porcelain stoneware flooring, PVC exterior carpentry, thermal and acoustic insulation, underfloor heating in the indicated bathrooms, and pre-installation of air conditioning in the living room and bedrooms.

Overall, it is a new build property with a balanced layout and a clear orientation towards exterior living, suitable both as a regular residence and for long holiday stays.
