OVERVIEW

Exceptional new-build 4-bedroom villa with outdoor spaces and open-plan rooms for sale in a natural setting in La Massana.

The Mirador d'Anyos new development enjoys an excellent location in the middle of a wonderful natural environment in La Massana, Andorra. It is a very quiet area, an oasis of peace, but at the same time very close to the city of Andorra la Vella, with all the services at your disposal.

This magnificent villa has a total of 5 floors, with indoor and outdoor spaces, perfect to enjoy all year round.

On the parking floor, there is a large garage with capacity for several vehicles, several storage areas, as well as an outside covered area.

On the multipurpose floor, we find a very large multipurpose room, which can be used for many purposes, depending on your needs, such as a living room, a TV room or a games room, among others. In addition, it houses the laundry room and the installations room, as well as a garden area.

On the ground floor, there is an open and airy room with the living-dining room and the open-plan kitchen. This level also benefits from access to the sizeable garden, perfect to enjoy it in summer.

The first floor houses the night area, with four bedrooms, one of them with a private bathroom, plus an additional bathroom, to serve the rest of the bedrooms.

Finally, the second floor has the master bedroom with its private bathroom and access to a huge 23 m² private terrace.

The villa has been conceived down to the smallest detail: an exclusive and elegant design, top quality features, panoramic views and sustainability; and of course, without forgetting the maximum comfort.

In terms of design, it presents large open-plan and multipurpose rooms and materials such as steel, glass and wood have been selected to achieve warmth in the rooms and a modern and privileged style.

As for its characteristics, the house includes wooden and porcelain floors, aluminum carpentry from the Technal brand, a kitchen with a central island and equipped with Neff brand appliances, fitted wardrobes and security doors.

In addition, the villa benefits from high energy efficiency, thanks to underfloor heating with aerothermal heat and sanitary hot water production, as well as a heat recovery VMC system that allows the air to be filtered and renewed. All this, accompanied by excellent thermal insulation.

Finally, the house is equipped with a home automation system that you can customise to perfectly fit your lifestyle.
