OVERVIEW

Exclusive new build 2-bedroom apartment with a 19 m² terrace for sale in a development with a garden and spa in the parish of Ordino, Andorra.

Lucas Fox presents Ordino Mountain Residential Resort, an exclusive new build development in the parish of Ordino, a quiet residential area of Andorra, with impressive views of the mountains in the heart of the natural environment.

This development arises from the idea of reinterpreting the concept of a wooden cabin and transferring it to the residential project. To do this, a combination of natural materials, such as wood or stone, with contemporary materials is used. Thus, a fusion of traditional Andorran architecture with innovative design is achieved.

With this idea, three exclusive housing blocks have been configured, with few neighbors per floor, with large floor-to-ceiling windows that allow abundant natural light to enter the day area of the homes and offer impressive views of the natural environment.

Specifically, we find a spacious two-bedroom apartment with a terrace with impressive views of the surrounding mountains. The property has a modern design, with minimalist furniture, in neutral colors.

As for its layout, we find an entrance hall that leads to the day area on one side and the night area on the other. The night area is open-plan, with a large open space, which houses the living-dining room with the open-plan kitchen, separated by a central island. The night area has a bedroom with its private bathroom, the large main bedroom with its private bathroom and an additional bathroom to serve the entire property.

The property has BREEAM certification, a certification that recognizes sustainability efforts in terms of energy efficiency and environmentally friendly construction.

Among its qualities, we can highlight the armored door, white lacquered doors, wooden floors suitable for underfloor heating in the main rooms and porcelain stoneware in the wet areas and the kitchen, a rotating Dexofocus fireplace and built-in wardrobes in the bedrooms.

For greater comfort, it includes aluminum carpentry with thermal bridge breakage with triple glazing and Saint-Gobain low-emissive layer, an air conditioning system with underfloor heating heating and cooling, supported by a fan coil system for cooling; all of this powered by a system of geothermal heat pumps.

The kitchen comes fully equipped with Santos matte white finish furniture, Neolith countertops and Gaggenau brand appliances . The bathrooms also come fully equipped, with Villeroy & Bosch brand toilets, Hansgrohe taps and Neolith countertops.

The development offers an exclusive garden on several levels, with rest areas , garden areas , pedestrian crossing areas and LED lighting. In addition, it offers a social club with a common room with fireplace, parking with double access, storage rooms and elevators. Finally, it offers a fully equipped spa area with several showers, saunas, pools with massage systems, massage beds and a jacuzzi-type bench. For greater security, the development has access control with a security guard and monitoring of communal areas.
