### OVERVIEW

**147 m<sup>2</sup> apartment, with 4 bedrooms, to renovate with a lot of potential for sale in front of the Casa de les Punxes, in the Eixample Right.**

Fabulous apartment to renovate in front of the Casa de les Punxes, one street from Avinguda Diagonal and very close to Passeig de Gracia.

It is a 147 m<sup>2</sup> apartment to renovate, but with a lot of potential for renovation, so that the buyer can design it to their liking. It is located on a fourth floor in a stately building with a concierge service and a lift. Thanks to its dual aspect, it benefits from a lot of natural light.

It is currently distributed in two areas. On the right, we find the first area with a bathroom, a bedroom, a kitchen and a living-dining room. In the other part, there are three bedrooms (one of them double), a laundry room, another kitchen and another living-dining room with a gallery and large windows that open onto an interior patio.

The property has high ceilings, windows, arches and other original features that give it a lot of personality. Since it has many windows on both sides, it is bright.

It is a perfect apartment as an investment in one of the best areas of Barcelona.
