OVERVIEW

Excellent 3-bedroom apartment with a balcony for sale in Eixample Right, next to Passeig de Sant Joan in Barcelona.

Consell de Cent 403 is a development of fully-renovated apartments with an excellent location in the Eixample Right of Barcelona, a highly coveted and central area of the city. It offers a wide range of services, quick and easy connection with the rest of the city and a host of leisure activities for the enjoyment of its residents.

The development is located in a typical stately building in the Eixample area that has been restored, but still has original period features such as the façade and the balustrade of the common areas.

This apartment is located on the second floor of the building, the first door. As we enter, there is a hall that divides the day area, on the right, and the night area, on the left.

The day area consists of a separate kitchen and a living room with access to a small balcony. The latter, in addition to allowing in plenty of natural light, is perfect for enjoying a good coffee in the morning or a glass of wine after a long day.

The night area consists of a double bedroom, a single bedroom, a bathroom that serves both and a guest toilet. At the end of the corridor, there is the master bedroom with its private bathroom and access to a bright interior gallery.

The property is renovated, although period details such as the ceilings with exposed wooden beams, the white lacquered interior doors or the shutters have been maintained. The renovation has been done with high-quality materials and new installations for the convenience of their new owners. Among them, we can highlight the herringbone parquet wood floors in the main rooms and the porcelain floors in bathrooms and kitchen; radiator heating; ducted air conditioning system; and LED lights, among other features.

The bathrooms include top brand toilets and taps and the kitchen is fully equipped with high-end appliances.
