OVERVIEW

Spectacular triplex penthouse on Avinguda Diagonal next to Francesc Macià, completely exterior facing, renovated with luxury finishes, with a built area of 395 m² and more than 210 m² of outdoor spaces distributed among its 5 terraces.

This exclusive, luxury property designed with the highest quality finishes is unique on the market. The apartment is divided into three floors, the first houses mainly the day area, the second the night area with 3 double bedrooms and the third, a large terrace with panoramic views of the city and with more than 120 m² of surface area.

On the first floor, we find a large entrance hall with a staircase that goes up to the upper floor. With views of Avinguda Diagonal, we find a large living room with a fireplace that gives access to a space that can be used as a study and that also has access to a small terrace.

In the central part of the apartment we find the service staff area with a bedroom and a complete bathroom, a guest toilet and a huge kitchen with a central island and a separate utility area. The kitchen, designed in shades of blue, has been conceived with great attention to detail, natural stone, high-end appliances and high-quality furniture make this kitchen stand out on its own.

The south-facing rear part has a second living room of 50 m², also with access to another small terrace.

On this floor we also find a double room with access to the same terrace and with a large dressing room and en-suite bathroom.

Upon reaching the upper floor, we will find three large double bedrooms, each with its own dressing area and en-suite bathroom. The main one being the most spectacular, since the bedroom together with the dressing room has access to an incredible terrace.

The third floor can be reached from the inside or through the terrace of the main suite, since it also has stairs that connect both terraces.
