OVERVIEW

Spectacular 207 m² apartment located in a stately corner building designed by the famous architect Enric Sagnier in 1914 and completely renovated in 2019.

This renovated property stands out for its period features, such as mosaic tiled floors, high ceilings with mouldings, wooden carpentry, etc. Likewise, thanks to its spacious rooms and the typical layout of the Eixample buildings, it perfectly combines modern comfort with the character of Barcelona's classic architecture.

The renovation that the property has undergone, after which wooden floors, double glazing, air conditioning ducts and gas heating have been incorporated, has turned this property into a precious classic jewel of the 20th century with every comfort of the 21st century.

The apartment presents clearly differentiated day and night areas. It consists of a living room, a kitchen, three double bedrooms (one of them currently used as an office), a bedroom with a bathroom included, a service bedroom, two full bathrooms and a guest toilet.

The property also includes parking space in the same building with direct access by lift.
