OVERVIEW

New 2-bedroom apartment for sale in a refurbished building with a rooftop solarium in the heart of the Gothic Quarter, Barcelona.

Lucas Fox presents Milans, an incredible new-build development in a renovated building with a community terrace, in the heart of Barcelona's Gothic Quarter, in an exclusive location with all the services within reach and a wide range of cultural and tourist attractions.

The building, the work of the famous architect Francesc Daniel Molina, has a triangular-shaped facade to allow natural light to enter all the homes and has a terrace with a solarium on the roof, with access for all residents, to take advantage of the mild climate of the area. In addition, for greater comfort, it has an elevator that connects with all floors.

This apartment is located on the main floor of the building. Upon entering, we find a distributor that leaves the day area on the right, with a spacious living-dining room with an open kitchen, with two balconies facing the street and a laundry area. To the left, there is the night area, with two double bedrooms and a complete bathroom. The house is completed with a guest bathroom.

The house has a modern design, with all the equipment, while including recovered period elements, such as vaulted ceilings and hydraulic floors. The flat offers diaphanous spaces to gain amplitude. Enjoy excellent finishes and qualities, such as laminated parquet floors in oak imitation, recovered hydraulic floors or built-in wardrobes, among others. The kitchen and bathrooms are fully equipped.
