OVERVIEW

Brand new open-plan 1-bedroom duplex with an interior terrace with a chill-out area for sale in a renovated building in Barcelona Industrial in the 22@ district.

Lucas Fox presents the new development, Can Ricart Lofts. This is a unique project in the most technological and exclusive district of Barcelona, 22@, which offers all kinds of services, as well as excellent transport links to the city centre and a wide range of leisure and cultural activities.

The development consists of 4 renovated buildings, which are representative of the industrial era of Barcelona of the 19th century and declared an Asset of National Interest. Period features, such as the original arches on the facades, are found throughout and artfully combined with all modern comforts. Likewise, the original skylights and ceilings have been preserved to provide the homes with abundant natural light and to create the interior-facing terraces.

This duplex is located in building C, which is located next to the emblematic restored chimney of Can Ricart. It benefits from an open-plan design, with a lot of character and personality, with a modern style that preserves representative elements of Industrial Barcelona.

To get to the property, we cross a beautiful interior terrace with a chill-out area, perfect to enjoy time with the family at any time of the year. Upon entering through the ground floor, we find an open day space with double-height ceilings, which houses the living-dining room and the open kitchen. In the background, there is a guest bathroom and a laundry room.

On the first floor, we find the bedroom with its private bathroom.

The homes have excellent quality finishes. Among them, we highlight the microcement floors on the ground floors and natural wood on the rest of the floors, an air conditioning system with heat pump and home automation system. The kitchens are fully equipped with Siemens appliances and the bathrooms with Duravit equipment and Hansgrohe taps.

Contact Lucas Fox for more information on this unique development.
