OVERVIEW

Spectacular penthouse in Sant Antoni, in perfect condition, completely open plan and with two terraces and magnificent views of the entire city.

In a building in perfect condition and with a beautiful entrance, we find this penthouse with an elevator. The house is characterized by its open space of 37 m² and its two terraces of 42 and 28 m².

The living space consists of a large open kitchen fully equipped and in perfect condition and a living room area with a bioethanol fireplace, where we find the double bed hidden in a folding cabinet. Likewise, we also see the complete bathroom, fully equipped and large.

The two terraces, one at each end of the apartment, bring spaciousness and light to the house, which generates a great feeling of space considering the meters of this loft. From the terraces, one facing the outside and the other facing the island patio, we get spectacular views of almost 360° of the city of Barcelona.

The comprehensive reform of the apartment was completed in 2022 and we highlight the aluminum carpentry, the custom-made furniture, the natural wood floors of the terrace, the fantastic barbecue or the air conditioning and heat pump by split.
