OVERVIEW

Bright and spacious 200 m2 apartment in Consell de Cent, with three double bedrooms, two bathrooms and a toilet. In addition, it has a magnificent bright day area and pleasant spaces.

The property is located on the third floor of a royal estate from 1890. Renovated at the end of the 90s, said estate is in perfect condition, with an elevator, concierge and a spacious and majestic hall that few estates can boast of.

The newly renovated apartment is ready to move into. It differentiates a day area facing the outside from the night area with views towards the quiet interior patio of the island. For its part, the day area is located to the left of the entrance and consists of a fully equipped closed kitchen, a dining room connected to the large living room of more than 45 m2, very bright and with two large windows overlooking the street. Council of Cent. Likewise, we have a courtesy toilet and a small balcony to the outside where you can place a small table with chairs to enjoy the views of one of the downtown streets in the process of pedestrianization.

In the night area, we find two double bedrooms, one of them with views of an interior patio of lights and another exterior to the interior of the island. The main room has a dressing room, large built-in wardrobes, access to the quiet interior patio of the island and a large en-suite bathroom with a shower and a hydromassage bathtub. The two exterior rooms have a beautiful gallery that can be used as an office or study.

We highlight the natural wood floors, original carpentry in perfect condition, high ceilings with moldings and stained glass in some of the windows, among other features.

In short, a majestic home in a privileged location in Barcelona.
