OVERVIEW

New 2-bedroom apartment on the principal floor of a renovated turn-of-the-century building in Sant Antoni.

This new development is located in the charming Sant Antoni neighbourhood of Barcelona's Eixample district. The classic style building dates back to 1900 and has been completely renovated, offering a lift and attractive communal areas. The communal areas of the building include parking spaces for bicycles, a wine cellar, a laundry room and a communal terrace with outdoor showers, a lounge and a social bar.

The building consists of a basement level, a ground floor level, seven upper floors and a rooftop. Offering twelve apartments and two duplex loft properties, this development provides homes that are fully furnished, equipped and ready to move into. The kitchens come with fitted electrical appliances (dishwasher, oven, microwave oven, coffee maker and refrigerator), Zucchetti taps and porcelain countertop.

This 2-bedroom property is on the first floor (real height third floor) and is the result of a clever design concept by which a single space may be transformed with a system of sliding panels. The beds can be concealed in closets during the day, and the kitchen and bathroom are at the centre of the home.
