OVERVIEW

3-bedroom apartment with huge renovation potential for sale on Las Ramblas, Barcelona.

In a Modernista-style building on Rambla de la Flors and next to the iconic Mercat de la Boqueria, we find this 3-bedroom property for sale. The apartment is located on the first floor with a lift and has enormous renovation potential and the possibility to completely change the layout.

Currently, the apartment offers 2 double bedrooms, one of which has a balcony over Las Ramblas and the other which overlooks an interior courtyard, along with the third bedroom which is a single. Both of the double bedrooms are spacious.

The kitchen is a good size and there are 2 bathrooms, one with a shower and the other with a bathtub. The kitchen and bathrooms would benefit from some renovation to modernise them but have been well maintained. The living room is very generous in size and offers a further 2 balconies over the Ramblas.

The apartment boasts some original period features such as the mosaic floor tiles, doors and windows which were restored. The ceilings reach 4 metres in height and feature the typical Catalan vaulting.

Apart from the 3 balconies over the Ramblas, there is a communal terrace which the owner of this property will enjoy access to. The apartment is registered as covering 125 square metres but actually features a 6-metre gallery space which is not included in the Nota Simple.
