OVERVIEW

Design detached house with spectacular views of Barcelona and a 90 m² sunny terrace with a pool.

Spectacular contemporary design house in Vallvidrera. It has fantastic views of Barcelona and is close to the city centre and Sarrià via the funicular.

On the main floor we find a large hall that leads to an impressive dining room living room with access to an impressive 90 m² terrace with unobstructed views.

The kitchen is fully equipped and has a pantry and a utility room area with a separate entrance. Next to the living room, we have a room with a bathroom that is used as a living room, but that can be converted into a room. On the other hand, we can access the garage with capacity for two cars from inside the house.

On the upper floor, the night area houses two large bedrooms with a large dressing room and full bathroom, as well as large windows that provide a lot of light and unobstructed views of the city of Barcelona.

On the lower floor we find a 115 m² summer apartment with a dressing room and a full bathroom, which we access via stairs. Here, we also have direct access to the garden area, pool, machine room and a small storage room.

The house is part of a very exclusive community in the area. His work is the product of the architect Norman Cinnamond, who has made a perfect fusion between the rationality of the spaces and the characteristics of his architecture, for which the result has been an exceptional property. In addition, it is ideal for a family that wants to live in an exclusive area well connected to the city.
