OVERVIEW

The apartment has four bedrooms and three full bathrooms. The high ceilings provide a feeling of spaciousness and the natural wood floor brings warmth to the property.

Lucas Fox presents a unique property recently renovated and designed by a prestigious interior architecture studio from Catalan capital.

It is located on the coveted Av. Diagonal and has 228 m2 plus two balconies, as well as 3.40 meter high ceilings.

It is located on the sixth floor of a 1928 building, with a lift and a communal terrace with beautiful views, whose modernist aesthetic is reflected on each of the floors of the building thanks to a different structure and design. It is important to highlight the wrought ironwork of the main door.

The property has been completely renovated with the best qualities and unique custom-made pieces.

It has double orientation, so it enjoys abundant natural light throughout the day.

On one side, we find a 46 m2 dining room living room with access to a balcony with pleasant views of the city; a kitchen from the renowned Italian brand Modulnova equipped with Gaggenau appliances , and an 11 m2 room used as an study with plenty of natural light.

The night area also houses three double bedrooms, one of them with a balcony and en-suite bathroom . The master suite includes a beautiful gallery and an en-suite bathroom with a shower and bathtub.

The three double bedrooms have large built-in wardrobes.

In the corridor we find the washing machine, the dryer and the centralization of all the facilities of the property.
