OVERVIEW

Property in the centre of Barcelona that has been renovation while preserving its original elements.

This impressive newly renovated apartment is a perfect combination of modernity and historical charm. Upon entering, we find a large entrance hall that leads us to the master suite on the right and the rest of the property on the left.

The property has four spacious bedrooms, two of them en suite with full bathrooms. The other two rooms are interior and bright, which creates a relaxing and comfortable environment.

The day area is the heart of the house: a completely open space that combines a dining room living room and a fully equipped kitchen with state-of-the-art appliances and designer furniture. All of this offers a functional and aesthetic space thanks to its high ceilings. In addition, the open layout of the kitchen allows for fluid interaction between spaces. Finally, this area is completed with a large gallery flooded with natural light through its large windows.

The apartment is delivered completely renovated and brand new, in a building with an lift and concierge service.
