OVERVIEW

Classic, completely exterior building with parking space included in the price.

Located on one of the best streets in the prestigious Tres Torres neighbourhood in Barcelona, is this spectacular 190 m² apartment. The property, completely exterior and located on a third floor facing south, is distinguished by its abundant natural light that floods all the rooms throughout the day.

The layout is functional and elegant. In the day area, a spacious and welcoming entrance hall gives access to a large dining room living room divided into two areas. These spaces are separated by an elegant fireplace that provides warmth and character. Although it previously had a terrace, this has been integrated into the dining room to expand and optimize the available space. The bright and equipped kitchen has a comfortable office area, a practical utility room and a service area that includes a bedroom and a separate bathroom .

In the night area, the apartment offers four spacious bedrooms. The master suite has a private bathroom, while the other three double bedrooms share a full bathroom , designed to offer comfort and style.

The property includes a parking space and is part of a building that has a pleasant communal area, ideal for enjoying moments of relaxation or for the little ones to play in a safe environment.

The building was designed by architect Oriol Bohigas and awarded with a FAD Architecture Prize.

With a privileged location in one of the most exclusive neighborhoods of the city, this apartment combines elegance, comfort and functionality, making it an ideal option for those seeking quality of life in Barcelona.
