OVERVIEW

Luxury 140 m2 renovated property on Via Layetana, with three bedrooms and two bathrooms

Lucas Fox presents an exclusive refurbished property located on a magnificent main street on the recently renovated Via Layetana, one of the most emblematic arteries of Barcelona.

This street is destined to become a landmark in the Old City, as it has been transformed thanks to the reduction of traffic, the widening of sidewalks and the addition of green areas. In addition, it connects two of the most historic and charming neighborhoods in the city: the Born and the Gothic Quarter. For this reason, it is surrounded by iconic monuments such as the Barcelona Cathedral, the Palau de la Música and the city hall.

The building, built in 1936, has an elegant lobby, concierge service, elevator and a large communal terrace, ideal for enjoying moments outdoors. In this unique setting we have this refurbished property with high quality finishes, designed to offer modern, bright and functional spaces that combine style and comfort.

The property has three bedrooms and two complete bathrooms, one of them located inside the master bedroom.

The dining room living room is connected to an open kitchen, a space of more than 55 m² with access to a balcony overlooking the Plaça de les Beates. This square stands out for being a very quiet place in the heart of the Born neighbourhood.

The property features herringbone laminate flooring, air conditioning via aerothermics and a kitchen equipped with Siemens appliances. All of this creates a sophisticated and practical environment for urban living.

Please contact us for more information or to arrange a viewing of this exclusive property in the heart of Barcelona.
