OVERVIEW

Excellent new build one- bedroom property for sale in Sants, Barcelona

Lucas Fox presents Pibernat Homes, an exclusive new build development located on the quiet street of Canónigo Pibernat (Sants-Montjuïc district), just steps from the Badal metro station. This elegant project houses just six homes, designed to offer privacy, comfort, and contemporary design in a strategic location in Barcelona.

The portfolio includes two sophisticated ground floor duplexes with patios, two spacious apartments with a private terrace on the first floor, and two exclusive penthouses with a private rooftop solarium, ideal for enjoying the Mediterranean climate. The homes, ranging in size from 67 to 110 m², have one to three bedrooms, plus up to 71 m² of outdoor space. Their open-plan layouts maximize natural light and enhance functionality.

This particular unit is located on the first floor of the building and has 67 m² built area distributed in one bedroom, two bathrooms and a cozy day area consisting of a dining room living room bathed in natural light with an open kitchen, which connects to a private balcony ideal for enjoying the outdoors.

The project stands out for its high-end finishes, such as laminate wooden floors, kitchens equipped with renowned brand appliances and Silestone countertops, bathrooms with Roca wall-hung toilets and thermostatic faucets, ducted air conditioning, and dual-flow mechanical ventilation with heat recovery. The homes also feature motorized blinds and comprehensive acoustic and thermal insulation, ensuring a comfortable atmosphere year-round.

Thanks to its small number of homes, Pibernat Homes offers a serene and private setting, well connected to Sants station, the Camp Nou hub, and various urban parks. All of this makes this residential development a unique opportunity for those seeking quality of life in Barcelona.

Don't hesitate to contact us for more information about this exclusive development.
